

READING GENRES

A genre is a book or story category defined by style, content, and form.

Across

1. The story of a real person's life that is written by that person.
3. A story, often with a message, that was initially passed on by word of mouth.
5. A story that blends futuristic technology with scientific fact and fiction.
7. The story of a real person's life that is written by another person.
8. A story including elements that are impossible such as talking animals or magical powers.
9. All information is based on true facts and not made up.
10. A verse written to inspire thought.

Down

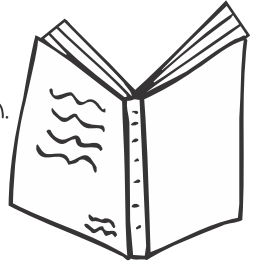

2. A fictional story with real or invented characters that takes place during a historical time.
4. A story using made-up characters that takes place in modern times.
6. A suspenseful story about a puzzling event that is not solved until the end of the story.

One of the books on this page is different. Can you find it?

READING GENRES

A genre is a book or story category defined by style, content, and form.
